Women in Procurement Leadership Summit 2026

Built on more than a decade of bringing the profession together, the **Women in Procurement Leadership Summit 2026** is Australia's leadership and capability program for procurement professionals looking to strengthen their influence, lead with commercial confidence and step into a strategic role.

Across two days, connect with CPOs and peers to unpack the challenges in procurement today and leave with tools to drive immediate value. Whether you're stepping into leadership, leading transformation, or preparing for your next career move, join the women shaping the future of procurement and the community committed to advancing it.

What's new in 2026?

The 2026 program spotlights the real leadership moments shaping procurement now: influence, value, transformation and sustainable career growth.

Terri-Ann "Tezzi" Daniel, **Cooee Group**

A proud Wiradjuri founder, Tezzi brings a First Nations lens to supplier diversity, showing how procurement can move beyond compliance to create genuine community and commercial impact.

Seri Renkin OAM Suri, **The Dea Network**

A senior executive and OAM recipient, Seri challenges procurement leaders to apply an investment mindset to value, risk, purpose and long-term organisational impact.

Gillian Fox, **Gillian Fox Group**

Executive coach, host of "Your Brilliant Career" podcast and author of Woman of Influence, she offers practical strategies for turning performance into visibility, influence and career progress.

Alice Chen, **Schneider Electric**

Alice draws on her own return to work after maternity leave to explore how procurement leaders can navigate one of the most significant transitions in a career with practical strategies for rebuilding confidence, balancing flexibility with ambition and career progression.

Karen Stein, **Executive and Menopause Coach**

Former Deloitte Partner, Karen brings a timely conversation on sustaining leadership, performance and wellbeing through perimenopause and menopause.

Structured peer roundtables tackle real procurement scenarios spanning stakeholder priorities, executive value and leading teams through transformation fatigue, giving delegates practical ideas and proven approaches to take back to work.

Bring your Mentee

Pave the way for emerging talent in procurement. Bring your mentee along to the networking drinks session on us. Give them a valuable opportunity to expand their network, meet senior leaders and support their professional growth.

"It was amazing to hear from all the speakers; the content was very informative and the presentations covered so much."

Assistant Secretary, **Department of Finance**

Our advisory board:

Coretta Bessi
Chair, Government
Procurement Board
ACT Government

Sharon Morris
Group Regional Head
**World Commerce &
Contracting**

Amanda Reid
Head of Procurement
Colonial First State

Madeleine Taylor
Executive Branch Manager
ACT Government

Michelle Robinson
Senior Sourcing &
Contract Manager
**Australian Nuclear
Science and Technology
Organisation (ANSTO)**

Top 7 reasons to attend:

1

Build the leadership skills procurement now demands, including executive communication, stakeholder management and modern negotiation skills.

2

Expand your professional network through a procurement community that brings together senior leaders and the next generation of talent.

3

Understand what senior leaders expect from procurement, the metrics that matter, the investment mindset and commercial decision-making.

4

Strengthen your ability to manage supplier pressure and protect value in an increasingly complex supplier landscape with practical frameworks for managing risk.

5

Hear how procurement leaders are using AI to improve performance and participate in a hands-on masterclass building your own AI co-pilot and workflows from prompting through to real procurement applications.

6

Gain insights from modern slavery and labour exploitation case studies, including warning signs that were missed and how accountability is determined when procurement failures are investigated.

7

Work through real procurement challenges in interactive sessions alongside your peers, mentors and leaders to co-design solutions that you can apply immediately.

"The event was very insightful and educational. It was a great platform to meet women in procurement from different industries. I look forward to attending again."

Pre-Conference Masterclasses | Tuesday, 10 November

Available to book separately or as a part of your 3-day conference pass

**Separately
Bookable**

The pre-conference masterclasses provide attendees with morning and afternoon tea breaks and a 1-hour lunch break allowing for extra networking opportunities and in-depth learning.

The masterclasses start at 9:00 and finish at 17:00.

MASTERCLASS A

Contracting for risk and commercial value

The deal is not done when the negotiation ends. The strongest procurement professionals understand how to negotiate outcomes and translate them into contracts that allocate risk, protect value and support long-term supplier performance. This masterclass explores the critical link between commercial negotiation and effective contracting, helping delegates build agreements that stand under pressure.

Learning outcomes:

- ✓ Set the commercial risk position before drafting starts
- ✓ Know which clauses carry the most commercial weight under pressure: price variation, force majeure, liability caps, termination, step-in rights
- ✓ Spot weak or ambiguous drafting before signature
- ✓ Negotiate commercial terms directly with suppliers without ceding ground or burning the relationship
- ✓ Lead variations and avoid disputes from a position of commercial control, not legal dependency

Facilitator:

Scott Alden
Partner, Government and Commercial
Mills Oakley

MASTERCLASS B

Win back your week with AI: build AI procurement workflows that save you 5 to 10 hours a week

Most teams plateau after a few good prompts. They get useful outputs, then find themselves spending more time correcting AI than creating it. The leap from dabbling to daily default is not more tools. It is a mastery mindset and repeatable workflows that show real ROI.

This hands-on masterclass shows you how to build powerful AI workflows inside the tools you already have: Copilot, Claude, ChatGPT, or Gemini. Workflows that earn their place supporting your team across sourcing, supplier management, market analysis, risk assessment, stakeholder engagement and the human decisions that sit on top of it all.

Using AI well is not the goal. Getting AI to free you for your genius zone is. Used well, these tools save your team hours, sharpen insight and lift procurement outcomes. More importantly, they give you back the energy to do what you do best. All with governance and human oversight at the core, not bolted on at the end.

We will also clear up shadow AI: why understanding what these tools can really do, and giving your people the paid versions, is the simplest way to reduce risk and lift output at the same time.

Walk out with an AI blueprint you can apply the very next day, whichever platform your organisation chooses.

"Excellent and amazing."

Procurement Manager, National Archives of Australia

What past attendees say about the Women in Procurement Leadership Summit

"A great opportunity to listen to influential women in the procurement and supply chain sector."

Procurement Coordinator, **John Holland**

"A great opportunity to learn and network with a talented array of women in the sector."

Contract Manager, **Legal Aid VIC**

"I truly admired every speaker and enjoyed listening to their insights. I took away valuable learnings and left feeling genuinely inspired."

Program Manager, **Calvary Health Care**

"Great event that we need in our industry!"

Procurement Professional, **The Faculty**
